Darling Wife:-

Just received your darling little letter of the 15th. I really believe you are trying to carry out your threat to stop writing big letters to me. Please don't, sweetheart, for I always look forward to your letters and when they are nice and large, they make me exceptionally happy, so you will continue writing big letters, won't you, Lovie dear? I sure am just pining for you, and certainly do hope that the time will soon come when you will be here, and then, Lovie ——— then! You know, Lovie, don't you?

Precious I have filled out the applications for Sidney's passports, and will get the statement sworn to by ~~Mr. Sch~~ Solomon & Bernstein, probably to-night or to-morrow night, if possible, and will return them as soon as I get them. I sure do hope everything will turn out O.K. so that he can get his passport and return to London.

Certainly am glad to know, Lovie, that things at home are going along nicely. I sure do wish they continue so. Tell mamdear to take good care of herself and tell her to try and not grieve so much. It won't be long before we are all together again. Tell her that I will meet Pristeni to-morrow night to talk over that proposition about the drug store, and as soon as I hear anything definite, I'll let her know.

Honey love, I am having a great deal of trouble getting 3 rooms and bath. They generally come as 2 rooms and use of bath, 3 rooms and use of bath, and 4 rooms with a bath. The using of bath means we get 2 or 3 rooms in a private family and they permit us to use the bathroom. If I can't get 3 nice rooms, I'll get 2 rooms, a bedroom and kitchen, and then when you come down, we'll look for 3 rooms or 4 rooms with bath. Will that be alright, Lovie dear? Don't forget to let me know. As for the furniture, I have decided a nice little 4-piece ivory bed-room set, for the kitchen, a Kitchenette (a cabinet in use mainly throughout the South), a nice stove, and oilcloth or linoleum for the floor, a little table and 2 or 3 chairs. For the bedroom, I'll get a nice little rug. If I get 3 rooms, then I'll send for the furniture mamdear will let us have, and buy 4 or 5 nice chairs, library style, and a rug. What do you think of it? Is this alright? Give me further ideas, love, as to what I should buy and how to fix things up, at least, until you come here. Precious mine, I am so anxious to try and please you, especially to have a little home

fixed up for you so that upon your arrival, you will be able please God, to go to your own little home. What say you, rarest jewel of jewels?

Darling, to-day is Tuesday and so far this week I made only a few dollars. I sure do hope I have a good week this week, at least half as good as last week; the 1st week in this month I made $17.00; last week I made $33.00; all cash money, besides what I have on my foot, so you see how the law business is one week fair, another poor and therefore that just simply makes up for all. I sure do hope I get my notary public ship, as I am sure that will come in mighty handy. Well, I only hope and trust for the best. As for my health Toytsie, I feel much, much better than I felt for some time past. I sure do hope I don't get any more headaches.

How are you feeling, darling in general health? How is your precious foot-ie? Giving you any more trouble? I do hope not, and certainly hope it is progressing nicely and that you are taking good care of it.

Will have to close now, sweetest, darling wifie, with all my love to my darling, precious wifie, who fooled me again with a small letter, when I expected it would be a big one, and with all my hugs, kisses and tight, tight squeeze.

Ever lovingly your own

Hubby
